At The Financial Statement Level (Plus Additional State Compliance  
Requirements Per RCW 43.09.260)**

---

Board of Directors  
Chehalis School District No. 302  
Chehalis, Washington

We have audited the general-purpose financial statements, as listed in the table of contents, of Chehalis School District No. 302, Lewis County, Washington, as of and for the fiscal year ended August 31, 1996, and have issued our report thereon dated May 2, 1997.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to Chehalis School District No. 302 is the responsibility of the district's management. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the district's compliance with certain provisions of laws, regulations, contracts, and grants.

We also performed additional tests of compliance with state laws and regulations as required by *Revised Code of Washington (RCW) 43.09.260*. This statute requires the State Auditor to inquire as to whether the district complied with the laws and the *Constitution of the State of Washington*, its own ordinances and orders, and the requirements of the State Auditor's Office. Our responsibility is to examine, on a test basis, evidence about the district's compliance with those requirements and to make a reasonable effort to identify any instances of misfeasance, malfeasance, or nonfeasance in office on the part of any public officer or employee and to report any such instance to the management of the district and to the Attorney General. However, the objective of our audit of the financial statements was not to provide an opinion on overall compliance with these provisions. Accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance that are required to be reported herein under *Government Auditing Standards*.

This report is intended for the information of management and the board of directors and to meet our statutory reporting obligations. This report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

**Independent Auditor's Report On Internal Control Structure**  
**At The Financial Statement Level**

---

Board of Directors  
Chehalis School District No. 302  
Chehalis, Washington

We have audited the general-purpose financial statements of Chehalis School District No. 302, Lewis County, Washington, as of and for the fiscal year ended August 31, 1996, and have issued our report thereon dated May 2, 1997.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

The management of the district is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the financial statements of the district, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of

management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operations that we consider to be material weaknesses as defined above.

This report is intended for the information of management and the board of directors and to meet our statutory reporting obligations. This report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

**Independent Auditor's Report On Financial Statements**

---

Board of Directors  
Chehalis School District No. 302  
Chehalis, Washington

We have audited the accompanying general-purpose financial statements of Chehalis School District No. 302, Lewis County, Washington, as of and for the fiscal year ended August 31, 1996. These financial statements are the responsibility of the district's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The financial statements referred to above do not include the general fixed asset account group, which should be included in order to conform with generally accepted accounting principles. The amount that should be recorded in the general fixed assets account group is not known.

Furthermore, as described in Note 6, the interest earnings of the 1993 Unlimited Tax General Obligation Refunding Bonds, and the interest expenditures for servicing the 1993 debt issue are not accounted for in the Debt Service Fund. In addition, the bonds which are due to be defeased December 1, 2000, are not reported on the Balance Sheet in the General Long-Term Debt Account Group. In our opinion, generally accepted accounting principles require both the refunding and the refunded issues to be accounted or until the actual crossover occurs.

In our opinion, except for the effect on the financial statements of the omissions described in the preceding paragraphs, the financial statements referred to above present fairly, in all material respects, the financial position of Chehalis School District No. 302 as of August 31, 1996, and the results of operations and cash flows of its nonexpendable trust funds for the fiscal year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued a report dated May 2, 1997, on our consideration of the district's internal control structure and a report dated May 2, 1997, on its compliance with laws and regulations.

Board of Directors  
Chehalis School District No. 302  
Chehalis, Washington

We have audited the general-purpose financial statements of Chehalis School District No. 302, Lewis County, Washington, as of and for the fiscal year ended August 31, 1996, and have issued our report thereon dated May 2, 1997. These financial statements are the responsibility of the district's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was made for the purpose of forming an opinion on the financial statements of Chehalis School District No. 302 taken as a whole. The accompanying Schedule of Federal Financial Assistance is presented for purposes of additional analysis and is not a required part of the financial statements. The information in the schedule has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

**Independent Auditor's Report On Compliance With The General Requirements  
Applicable To Federal Financial Assistance Programs**

---

Board of Directors  
Chehalis School District No. 302  
Chehalis, Washington

We have audited the general-purpose financial statements of Chehalis School District No. 302, Lewis County, Washington, as of and for the fiscal year ended August 31, 1996, and have issued our report thereon dated May 2, 1997.

We have applied procedures to test the district's compliance with the following requirements applicable to its federal financial assistance programs, which are identified in the Schedule of Federal Financial Assistance, for the fiscal year ended August 31, 1996:

- Political activity
- Civil rights
- Cash management
- Federal financial reports
- Allowable costs/cost principles
- Administrative requirements, including subrecipient monitoring

The following requirements were determined to be not applicable to its federal financial assistance programs:

- Davis-Bacon Act
- Relocation assistance and real property acquisition
- Drug-Free Workplace Act

Our procedures were limited to the applicable procedures described in the Office of Management and Budget's (OMB) *Compliance Supplement for Single Audits of State and Local Governments* or alternative procedures. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the district's compliance with the requirements listed in the preceding paragraph. Accordingly, we do not express such an opinion.

With respect to the items tested, the results of those procedures disclosed no material instances of noncompliance with the requirements listed in the second paragraph of this report. With respect to items not tested, nothing came to our attention that caused us to believe that the district had not complied, in all material respects, with those requirements.

This report is intended for the information of management and the board of directors and to meet our statutory reporting obligations. This report is a matter of public record and its distribution is not

limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

**Independent Auditor's Report On Compliance With Specific Requirements**  
**Applicable To Major Federal Financial Assistance Programs**

---

Board of Directors  
Chehalis School District No. 302  
Chehalis, Washington

We have audited the general-purpose financial statements of Chehalis School District No. 302, Lewis County, Washington, as of and for the fiscal year ended August 31, 1996, and have issued our report thereon dated May 2, 1997.

We also have audited the district's compliance with the requirements applicable to its major federal financial assistance programs, which are identified in the accompanying Schedule of Federal Financial Assistance, for the fiscal year ended August 31, 1996. Those requirements include:

- types of services allowed or unallowed
- eligibility
- level of effort
- special tests and provisions related to carryover of funds, parental involvement, program effectiveness, private school participation, schoolwide projects, and timely obligation of funds for Educationally Deprived Children/Local Educational Agencies (Chapter I of ESEA) (CFDA 84.010) as described in the OMB *Compliance Supplement for Single Audits of State and Local Governments*
- claims for reimbursements

The management of the district is responsible for the district's compliance with those requirements. Our responsibility is to express an opinion on compliance with those requirements based on our audit.

We conducted our audit of compliance with those requirements in accordance with generally accepted auditing standards, *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-128, *Audits of State and Local Governments*. Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the district's compliance with those requirements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, Chehalis School District No. 302 complied, in all material respects, with the requirements referred to in the second paragraph of this report that are applicable to its major federal financial assistance programs for the fiscal year ended August 31, 1996.

This report is intended for the information of management and the board of directors and to meet our statutory reporting obligations. This report is a matter of public record and its distribution is not

limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

**Independent Auditor's Report On Compliance With Specific Requirements**  
**Applicable To Nonmajor Federal Financial Assistance Program Transactions**

---

Board of Directors  
Chehalis School District No. 302  
Chehalis, Washington

We have audited the general-purpose financial statements of Chehalis School District No. 302, Lewis County, Washington, as of and for the fiscal year ended August 31, 1996, and have issued our report thereon dated May 2, 1997.

In connection with our audit of the financial statements of the district and with our consideration of the district's control structure used to administer its federal financial assistance programs, as required by OMB Circular A-128, *Audits of State and Local Governments*, we selected certain transactions applicable to certain nonmajor federal financial assistance programs for the fiscal year ended August 31, 1996. As required by OMB Circular A-128, we have performed auditing procedures to test compliance with the requirements governing allowability of the program expenditures and eligibility of the individuals or groups to whom the district provides federal financial assistance that are applicable to those transactions. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the district's compliance with these requirements. Accordingly, we do not express such an opinion.

With respect to the items tested, the results of those procedures disclosed no material instances of noncompliance with the requirements listed in the preceding paragraph. With respect to the items not tested, nothing came to our attention that caused us to believe that Chehalis School District No. 302 had not complied, in all material respects, with those requirements.

This report is intended for the information of management and the board of directors and to meet our statutory reporting obligations. This report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

**September 1, 1995 Through August 31, 1996**

---

**Independent Auditor's Report On Internal Control Structure Used In  
Administering Federal Financial Assistance Programs**

---

Board of Directors  
Chehalis School District No. 302  
Chehalis, Washington

We have audited the general-purpose financial statements of Chehalis School District No. 302, Lewis County, Washington, as of and for the fiscal year ended August 31, 1996, and have issued our report thereon dated May 2, 1997. We have also audited their compliance with requirements applicable to major federal financial assistance programs and have issued our report thereon dated May 2, 1997.

We conducted our audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, issued by the Comptroller General of the United States, and the provisions of OMB Circular A-128, *Audits of State and Local Governments*. Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement and about whether the district complied with laws and regulations, noncompliance with which would be material to a major federal financial assistance program.

In planning and performing our audit, we considered the district's internal control structure in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and on compliance with requirements applicable to major federal assistance programs and to report on the internal control structure in accordance with OMB Circular A-128. This report addresses our consideration of internal control structure policies and procedures relevant to compliance with requirements applicable to federal financial assistance programs. We have addressed internal control structure policies and procedures relevant to our audit of the financial statements in a separate report dated May 2, 1997.

The management of the district is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that:

- Assets are safeguarded against loss from unauthorized use or disposition.
- Transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

- Federal financial assistance programs are managed in compliance with applicable laws and regulations.

Because of inherent limitations in any internal control structure, errors, irregularities, or instances of noncompliance may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures used in administering federal financial assistance programs in the following categories:

- **Accounting Controls**  
Accounts payable  
Payroll
- **General Requirements**  
Political activity  
Civil rights  
Cash management  
Federal financial reports  
Allowable costs/cost principles  
Administrative requirements
- **Specific Requirements**  
Types of services  
Eligibility  
Level of effort  
Reporting  
Special requirements
- **Claims For Reimbursements**

For all of the applicable internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and determined whether they have been placed in operation, and we assessed control risk.

The following internal control structure categories were determined to be insignificant to federal financial assistance programs:

- **Accounting Controls**  
Cash receipts  
Cash disbursements  
Receivables  
Purchasing and receiving  
Inventory control  
Property, plant, and equipment  
General ledger
- **General Requirements**  
Davis-Bacon Act  
Relocation assistance and real property acquisition  
Drug-Free Workplace Act  
Subrecipient monitoring

- **Specific Requirements**  
Matching and earmarking
- **Claims For Advances**
- **Amounts Claimed Or Used For Matching**

During the fiscal year ended August 31, 1996, the district expended 54.45 percent of its total federal financial assistance under major federal financial assistance programs.

We performed tests of controls, as required by OMB Circular A-128, to evaluate the effectiveness of the design and operation of internal control structure policies and procedures that we considered relevant to preventing or detecting material noncompliance with specific requirements, general requirements, and requirements governing claims for advances and reimbursements, and amounts claimed or used for matching that are applicable to the district's major federal financial assistance programs, which are identified in the accompanying Schedule of Federal Financial Assistance. Our procedures were less in scope than would be necessary to render an opinion on these internal control structure policies and procedures. Accordingly, we do not express such an opinion.

Our consideration of the internal control structure policies and procedures used in administering federal financial assistance would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that noncompliance with laws and regulations that would be material to a federal financial assistance program may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses.

This report is intended for the information of management and the board of directors and to meet our statutory reporting obligations. This report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.
